

NORTH SHORE PUBLIC LIBRARY

Be sure to pick up your July/August Calendar of Events now available at the Library.

July / August 2019

Dear Library Patrons:

The Shoreham-Wading River High School parking lot demolition and reconstruction project is scheduled to begin July 1, 2019. For the safety of our community, the library will be closed from July 1 through the July 4th holiday. The library plans to reopen on Friday, July 5th. The book drop will not be accessible on the days we are closed. The library will be waiving fines and there will be no fees for the programs during the summer months. The program registration starting date for July programs will be on June 27th. You may register online, by telephone, or in person.

During the time of construction there will be no access to the main parking lot. Library patrons will park in the lot located behind the school. You can reach the library's front entrance by walking from the back parking lot to the front of the building along the pathway by the tennis courts. There will be yellow signs directing you to the front entrance.

In consideration that this project may cause changes in library hours on various days, please check the library website or call the library before visiting the library. There are various adult programs which have been relocated to other areas in the district which will be noted in the newsletter. On behalf of the library staff and the Library Board of Trustees we thank the library community patrons for their cooperation and understanding during the reconstruction of the parking lot.
