

Unicorn Body Scrub

Supplies Needed

- Sugar
- Coconut Oil, melted
- Mica Cosmetic Colorant or Food Coloring
- Cosmetic Grade Glitter
- Fragrance Oil in Your Desired Scent.
*I recommend Pink Lemonade, Bubble Gum, Strawberry, or Cotton Candy
- Bowls and spoons

NOTE: The amount of each ingredient necessary will depend on how much sugar scrub you would like to make. For an 8 oz. batch of sugar scrub, use 1 cup of sugar and 1/2 cup of coconut oil.

Step 1: Divide sugar into 3 bowls and add approx. 1/8 tsp. of mica colorant or food coloring, to each bowl. Stir until well mixed and blended. *Note: the color will be lighter during this step than the final result! You want a light pastel color at this point, so do not over color!*

If you wish to add cosmetic-grade glitter or shimmer powder to the scrub, mix it in at this point. A little goes a long way!

Step 2: Add melted coconut oil to the sugar in an approximate 2:1 sugar to oil ratio. If you prefer a more liquid consistency for your scrub, add more coconut oil a little bit at a time until the desired consistency is reached.

Step 3: Add fragrance oil (approx. 5-10 drops) and mix well.

Step 4: Layer the different colors of scrub into your jar or storage container and finish with another sprinkle of glitter and a sticker to your lid!
