

D.I.Y. Swirled Soap

Supplies Needed

- 12 oz of either Clear, Goat's Milk or Shea Butter Soap Base
- Mineral Make-up Soap Dye or Cosmetic Pigment Mica Powder
- 1/4 Tablespoon Soap Fragrance in Your Desired Scent
- 97-99% Rubbing Alcohol
- Bowls, Spoons & Gloves
- Toothpicks or flat sticks
- Pyrex Measuring Cup
- Soap Molds in Your Favorite Style *I buy mine on Amazon+ Ebay
- Microwave

INSTRUCTIONS

STEP ONE: Chop the soap base into smaller chunks + Place in a Pyrex Measuring Cup.

STEP TWO: Microwave the soap base until melted. It only takes slightly over 2 minutes in the microwave. Mix well. Add 3-4 drops of fragrance into your melted soap base.

* Spray soap molds with rubbing alcohol*

STEP THREE: Take a tiny amount of your favorite mica powder color, and add to a Dixie cup. Add rubbing alcohol and mix until mica becomes a liquid. Add a small amount to the soap mold, and save some to add on top of the soap.

STEP FOUR: Pour your soap into mold. Next, add more liquid mica powder to the top of your soap + swirl with a toothpick.

STEP FIVE: Spray top of soap with rubbing alcohol. Allow soap to completely cool. You may also carefully place them in refrigerator & then pop out of molds. This step Takes approx 45-60 minutes to set.

ENJOY!!
